Certificate of Qualification (CQ): The CQ was developed collaboratively by the College of New Jersey (TCNJ) and the State of New Jersey Department of Education, Office of Certification and Induction. The CQ verifies completion of a teacher preparation program which allows candidates to teach abroad within the International School Community.

Certificate of Eligibility (CE): The CE is a credential with lifetime validity issued to an individual who has NOT completed a teacher preparation program, but who has met the basic requirements for certification including academic study and applicable test requirements. The CE authorizes an individual to seek and accept employment in NJ public schools requiring certification. Candidates may apply directly to the NJ Department of Education.

TO AVOID DELAYS: After applying online, please submit ALL necessary documentation together in a single packet to the address below. If possible, please have official transcripts sent to you first and then forward them in the sealed envelope(s) together with any other documents. Please include your tracking number in all correspondence with our office.

[Teacher Certification Reciprocity \(state to state\)](#)

Teaching license reciprocity outlines which qualifications each state will accept from another state, and which qualifications it will not. The specific requirements for teaching certification or licensure vary in [each individual state](#) in the US. US citizens returning to the states to teach MUST verify the teacher certification reciprocity.
