Total TCNJ Credits				30	36	

* Students who hold a master's degree, in any area, are eligible to complete the post-master's certificate

Upon course completion, U.S. citizens will be eligible to apply for the New Jersey School Principal License, provided the candidate meets all requirements of the current New Jersey Administrative Code. Note that in order to receive State of New Jersey certification, a candidate must hold a standard teaching certificate and five years of experience teaching at a US school under it. Non-U.S. citizens will be granted a college certificate, which recognizes the completion of a TCNJ program.

TCNJ works cooperatively with the Principals' Training Center to allow students to earn graduate credit for the completion of specified PTC/TTC/TLI/CTC workshops. Students may combine graduate credit from PTC courses with TCNJ's programs in Educational Leadership, Elementary/Secondary Education, Teaching ESL, and/or Counselor Education at our global sites.
