Session I Recap

It's hard to believe that we're already a few days into Session II. Session I offered 8 days of immersive learning along with new personal/professional connections and experiences together in Portugal. Please keep sharing what you learn in/out of class and any suggestions for activities in and around Carcavelos- it's out hope that our community can keep growing and benefitting from our students' experiences. Also, please feel free to add any pictures to our [Portugal Facebook group](#)- we'd love to see what everyone is up to!
